(vi) Institutional set-up for liquidity risk management

The Board of Directors of the Company has an overall responsibility and oversight for the management of all the risks, including liquidity risk, to which the Company is exposed. The Board approves the governance structure, policies, strategy and the risk limits for the management of liquidity risk. The Board of Directors approves the constitution of the Group Risk Management Committee/GRMC for the effective supervision, evaluation, monitoring and review of various aspects and types of risks, including liquidity risk, faced by the Company. The meetings of GRMC are held at quarterly interval. Further, the Board of Directors also approves constitution of Asset Liability Committee (ALCO), which functions as the strategic decision-making body for the asset-liability management of the Company from risk-return perspective. The main objective of ALCO is to assist the Board and GRMC in effective discharge of the responsibilities of asset-liability management, market risk management, liquidity and interest rate risk management. ALCO provides guidance and directions in terms of liquidity, funding sources, as and when required and investment of surplus funds. ALCO meetings are held once in a quarter. The minutes of ALCO meetings are placed before the Board of Directors in its next meeting for its perusal.
